

MISSION PLAN

ECO MISSION	AIM	LINK TO 'WHY'?	ACTIONS AND DURATION	MONITORING AND IMPACT	DATE EXPLORED IN PRAYER
NATURE	Care for Creation	By looking after the forest and garden, we are caring for God's creation and showing respect for His gift.	Eco Club will pick up litter in the forest and plant flowers in the Lottery Garden to attract wildlife. This will take place every week during Eco Club sessions and as part of classroom activities in the garden.	Eco Team will record the number of litter items collected and monitor wildlife in the garden. Impact will be measured by cleaner grounds, more wildlife sightings, and healthier plants.	Forest School Prayer is prayed when when we go into the forest Eco Celebration of the Word Lent 1
WASTE	Recycling Awareness	By encouraging recycling, we are caring for God's creation and reducing waste that harms the environment.	Eco Team to create awareness campaigns, introduce clear recycling facilities around school, and encourage all students to follow recycling rules. Campaign will run over the school year.	Monitor recycling bins for proper use and record improvements in recycling rates. Impact measured by reduced general waste and increased recycling.	Eco Celebration of the Word Lent 1
ENERGY	Switch Off Campaign	By saving energy, we are respecting the resources God has given us and reducing harm to creation.	Gather ideas from students on how to save energy, then implement changes such as smart plugs for laptops and iPad cases with the £500 prize money. Campaign to run for 2 terms.	Monitor energy usage in classrooms before and after campaign. Impact measured by reduced electricity usage and increased awareness among students.	Eco Celebration of the Word Lent 1
