

Mission plan

Eco Mission 1

- Energy

How does this link to your 'why'?

We should try and protect God's earth for our next generation to survive.

Actions and duration

- To have switch off days once a term.
- No photocopier, whiteboards to be used.

How will you know if you are successful? How will you monitor?

- Comparing meter readings.

Date explored in prayer

Lent 1
Pentecost 2

Aim

- Switch off day once a term.

Eco Mission 2

Nature

How does this link to your 'why'?

God created all creatures that we should protect and provide homes for.

Actions and duration

- Plant flowers around our school building.
- Get our local community involved.

How will you know if you are successful? How will you monitor?

- Spring observations.
- Wildlife survey of the flowers planted.

Date explored in prayer

- Lent 2

Aim

Create nature in our local community.

Eco Mission 3

Food

How does this link to your 'why'?

We can share our food with others and ensure all God's people are getting enough food.

Actions and duration

- Monitor how much food is currently being wasted.
- Observe and compare each week.

How will you know if you are successful? How will you monitor?

The amount of food waste becomes lower and lower.

Date explored in prayer

Lent 2

Aim

Reducing food waste.
